

RECONFIRMATION

Contesting Results - Reconfirmation: If you feel the laboratory made an error and wish to have another laboratory re-evaluate your **ORIGINAL** sample for the drug(s) found.

Please note the following:

- * This will **NOT** delay the release of the original report to your employer
- * It may take several weeks for the second lab to report their findings
- * You will need to pre-pay for the second lab to perform this service on your behalf.

To have your original sample sent to a different laboratory, you will need to have a certified bank check or money order postmarked **within 72 hours** of your initial conversation with the MRO in the amount of \$250.00 for each drug you wish to contest.

Checks are to be made payable to H.J. Khella, M.D.
mailed to: 111 2nd Ave NE Suite 360
St Petersburg, FL 33701

Again, this is to have the original sample and not a new sample to be reconfirmed at a different laboratory. Finally, personal checks or cash will not be accepted.

The office phone is 941-753-9199

Our email is mro@imtmro.com

Please note, once submitted, this request is non-refundable.
